The Eurocell Conservatory Roof System

## Co-ordinate your colours

A selection of colour options for your conservatory is available to complement your home. Choose White for a contemporary finish, or Cream, Rosewood, and Golden Oak finishes for a traditional appearance. You can also choose to have a wood grained exterior with a clean White interior for the best of both worlds.

### Colour options

\*Colours on extended lead time

### Finishing touches

Deciding the style and performance of glazing you require, adding a roof cresting or finish or opting for our Mood wireless speaker system are all ways of personalising your conservatory to meet your needs perfectly. The full range of options is featured on pages 20-23

# The Edwardian

*Classic, clean-lines and maximum space*

More space and flexibility

# Lantern

*The ultimate aesthetic appeal*

Unique and elegant

# Optional features

*Personalise your dream conservatory with our range of accessories and finishing touches*

## Glass

## Polycarbonate

We offer a wide selection polycarbonate to choose from

## Guttering

A decorative guttering system designed for good looks and performance. It sheds off your roof perfectly. Available in a wide variety of colours and finishes to match your conservatory.

## Rafter top caps

Additionally, highly durable woodgrain and white aluminium top caps provide the ideal solution where temperature fluctuations are more pronounced.

## Window boards

A wide range of window boards can be chosen for any style of conservatory.

## Ventilation and cooling

Introducing additional ventilation can increase both enjoyment and comfort levels within your conservatory. That's why we offer a selection of both mechanical and electrically operated roof vents in a range of sizes. These have been designed to be both efficient and easy to use while at the same time offering maximum levels of ventilation. Ceiling fans may also be considered to help circulate the air and complement the look of your conservatory.

## Crestings and finials

Two different styles and designs are available to give a distinct individual look. Indicative of the commitment to quality behind all of our systems, the Jacobean style is available in PVC-U and the Regency in aluminium, both designed to last for decades to come.

Regency

## MOOD integrated audio for sleek and stylish listening

MOOD is a fully integrated conservatory speaker system that enables you to set the right ambience in your conservatory - enjoying your favourite sounds without detracting from the visual impact of your new conservatory.

The system is incorporated into your conservatory wirelessly, which means you can relax and enjoy your music without any unsightly clutter.
